### Introduction

Under the Equality Act 2010, the governing body of a maintained school or an academy in England and Wales must prepare an accessibility plan, in writing.

An accessibility plan should set out how, over a prescribed period, a school will aim to:

- Increase the extent to which disabled/neurodiverse pupils can participate in the school's curriculum
- Improve the physical environment of the school for the purpose of increasing the extent to
  which disabled pupils are able to take advantage of education and benefits, facilities or services
  provided or offered by the school
- Improve the delivery to disabled pupils of information which is readily accessible to pupils who are not disabled (this must be within a reasonable time and in ways which are determined after taking account of the pupils' disabilities and any preferences expressed by them or their parents)

### **Key Objective**

To reduce and eliminate barriers to access to the curriculum and so lead to a full participation in the school community for students, prospective students, staff and visitors with a disability.

#### **Action Plan**

Attached are three audits of current provision relating to these three key areas of accessibility that are highlighted above. Note that these plans also have an action required section with future planned action detailed.

The future planned action work will be overseen and co-ordinated by the governors and by the school's Senior Leadership Team (SLT) and the Head teacher.

The plans include an audit of current provision and action required. The plan will be made available on request.

Evaluation of the progress of the plan will be made by the SEND governor when making termly visits.

The advice and support of the Local Authority and the Hurst Education Trust will be sought in implementing the plan and in the development of any capital related work at Holy Trinity CE School.

This Plan should be read in conjunction with the school's other policies, in particular the Equality Policy and the Special Educational Needs Policy.

The layout of areas such as classrooms, hall, library, dining hall, reception, playground & field allows access for all pupils. Pupils who use wheelchairs can move freely around school. There are no barriers to access caused by doorways, stairs, and steps.	There are double doors or doors wide enough to accommodate a wheelchair. Those classrooms that are on another level have lift access. There are ramps leading into school's main entrance, side entrance and exit onto KS2 playground.	Any upgrades, renovations or maintenance ensure physical access is high consideration
Disabled Toilet facilities have sufficient room to accommodate a changing bed & toileting chair.	Installation of fully equipped disabled toilets.	
Pathways around school are safe and well signed.	Good signage.  New path installed in Glebeland.  Yellow edges painted on steps and any trip hazards.	Repaint yellow lines at least annually  Re-tarmac the lower playground where it is uneven.
Parking arrangements for all are logical and safe.	Clearly marked disabled parking bay; additional disabled parking available as required on request	
Emergency and evacuation systems INFORM ALL pupils.	Auditory Alarms with flashing lihgts. Hearing impaired/disabled children escorted off premises by designated adult.	
Signs are uncomplicated, and unambiguous.	Signage around school.	
School décor provides appropriate contrast and harmony for pupils with hearing or visual impairment, neurodiversity e.g. autism or ADHD, or epilepsy.	Edging of steps with contrast paint for visually impaired.  Low arousal areas in classrooms and corridor/break out spaces.	When school is redecorated advise regarding best colour scheme to meet the needs of pupils with visual impairment, autism or epilepsy will be sooght from appropriate SEN Service and advisors.  Staff CPD – adapting the classroom to meet the individual needs of pupils e.g. decluttering around whiteboards/ having

		low arousal areas/some blank walls.
All areas are well lit	Checked by Governors and new lighting installed where necessary.	
Steps are taken to reduce background noise for hearing impaired pupils by considering a room's acoustics, noisy equipment etc.	Staff seat hearing impaired pupils appropriately according to specialist advice.  All classes are fully carpeted in the main work/teaching area.	Hearing loop to be installed as and when necessary.  Recommendations from Sensory Support team when necessary.
Furniture and equipment selected, adjusted and located appropriately, e.g low level sinks, provision of wheelchair with adjustable height, tray tables fitted to wheelchair, stand, writing slope, wedge support etc	Appropriate furniture/accessories bought or on loan from Occupational Therapy as appropriate.	
External access to school grounds via ramps and step-free access pathways		

## 3. Access to Information

Statement	Evidence	Action Required / When?
Staff are familiar with technology and practices to assist pupils, parents and carers with disabilities, e.g, positioning when talking to a hearing impaired learner, need for simple language and visual prompts for those with learning difficulties.	External advice given by specialists.  Lesson observations and learning walks  ILPs and one-page profiles  Planning	Staff Meetings to discuss when needs arise and on-going CPD  Advice will be sought from sensory support team etc. as appropriate.
The school will liaise with LA support services and other external agencies to provide information in simple, clear language, plus, eg, the use of symbols, large print, on audiotape or in Braille for pupils/parents and carers who may have difficulty with the standard printed format.	Website updated regularly.  Translated letter available when requested.	As appropriate as and when requested.

The school ensures that both in lessons and parents'/carers' meetings, information is presented in a user-friendly way, e.g, by reading aloud, using overhead projectors/PowerPoint presentations etc

Information is chunked to aid processing and understanding.

Visual prompts provided.

IWB used in every class and slides printed/cast to an i-pad for those who need them.

Staff read aloud for children and for parents/carers who cannot read, information can be read to them.

Separate report can be requested to be sent if a parent/carer does not live at same address

PowerPoint Presentations used at workshops and parents'/carers' meetings and sent out to parents by email after the meeting.

Website updated regularly & weekly email sent to all parents/carers.

Upgrade ICT hardware to support access to information for all, e.g. screen in entrance hall; learn pads.
