

GO AND SEE ELI

Lucia

1. I am more than their opinions,
I am more than all they say,
I am more than how I'm feeling
On my best or worst days.
In a world that's full of labels,
In a world of dots 'n' stars,
What they say can never shape you
When you know who you are.

All

CHORUS *You should go and see Eli
At the top of the hill,
Go and see him, meet him,
He knows it all.
If you go and see Eli,
He will know how you feel,
He'll be waiting, making
Everything beautiful.*

2. You are more than their opinions,
You are more than all they say,
You are more than how you're feeling
On your best or worst days.
In a world that's full of labels,
In a world of dots 'n' stars,
What they say can never shape you
When you know who you are.

CHORUS

Lucia

*If you go and see Eli,
He will know how you feel,
He'll be waiting, making
everything beautiful.*
